

HOW TO GET INTO RESEARCH/ SRP-99 WORKSHOPS

*Are you interested in getting into **STEM** research?*

*Are you unsure of **how to find a research project or a lab** to join?*

*Do you want to **earn Academic Credit** for the time you spend doing research?*

SRP-99 workshops are offered each quarter to provide students with information about how to find a faculty mentor and research project, how to enroll in SRP-99 to receive academic credit for time spent in lab, and other funding opportunities once you secure a research project.

Winter 2019 Workshop Schedule

Week	Date	Time	Room
1	Wednesday, January 9	5-6 pm	Boyer 130
2	Monday, January 14	5-6 pm	LS 2320
